20. Tracing positive affirmations

Hello children! I am Chutki.
My friends and I will be your fun-learning partners for
the HELPING OTHERS series!

Professor Doomketu's glasses : co-story reading

Bheem and his friends were playing in the park when Professor Dhoomketu came running. "What happened, Professor?" "I lost my glasses when I was in the market. I can't find it now!"

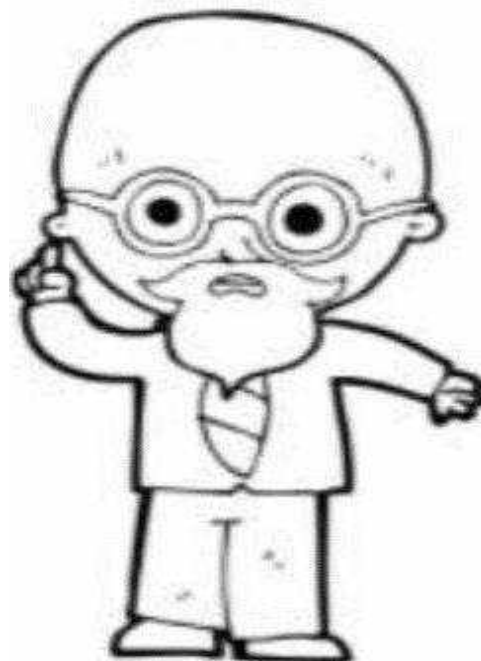

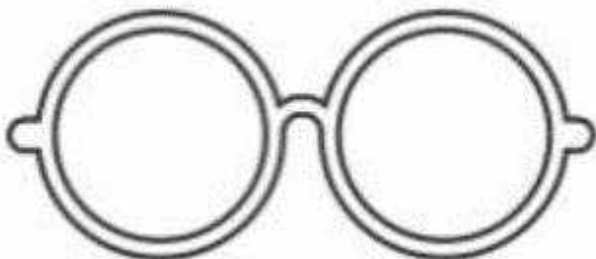

"Oh no! Do you want our help in looking for them?" asked Jaggu. "That would be really helpful as I can't see very well without my glasses," said the professor. "But I want to continue playing!" said Raju. "Yes, let's search for the glasses after we finish the game," said Dholu-Bholu, irritated.

"Raju, Dholu-Bholu, it's not very nice to say no when someone is asking for our help," said Chhutki. "Yes. We can come back and finish our game once we find the Professor's glasses," said Kalia. "Okay," said the younger boys.

All the friends went to the market with Professor Dhoomketu. Bheem searched for the glasses near the fruit shop, Chhutki searched near the bushes, Kalia searched near the toy shop, Jaggu searched near the fountain, Raju searched near the vegetable stand, and Dholu-Bholu searched near the laddoo shop.

Finally after searching for a while, Raju found Professor Dhoomketu's glasses near the vegetable stand! "Here, Professor!" said Raju. "Oh! Thank you so much, Raju! Thank you, my dear friends for helping me search for the glasses," said Dhoomketu. "It's our pleasure, Professor," said all the children.

"As a reward for helping me, I will buy you all laddoos!" said Dhoomketu. They all went to Tuntun auntie's laddoo shop and the professor bought them all laddoos. The children were very happy. They ate their laddoos and went back to the park to continue playing.

Relaxing

It's relaxing time for Bheem and his friends. Get help from your parents and make a thumb print dandelion. Take a printout of this sheet and grab different colours of paint. Use your thumb or finger dipped in the paint and then press it down on the tips of the dandelion. Repeat until the sheet looks like a dandelion. Repeat until the sheet looks like a dandelion.

Tracing faces

When professor Dhoomketu asked Bheem and his friends to help find his glasses, some of them did not agree at first. Which face would they have made? Help them trace the faces given below and colour it.
