

4-5 YEARS | WEEK 02

Science - Life on earth

1. Plants - Seeds

2. Plants - Nuts

3. Plants - Flowers

4. Plants - Fruits

5. Plants - Vegetables

6. Habitats - Types of habitats

7. Habitats - Animals by habitats

8. Habitats - Plants

9. Habitats - Forest

10. Habitats - Food Chain

11. Match - Leaves

12. Match - Parts of Plant

13. Match - Parts of Plant to food

14. Choose and color - Number of seeds

15. Match - Make pairs

16. Pick and circle - Birds that fly

17. Match - Birds

18. Shade the insects

19. Choose and circle - Insects

20. Relaxing activity - Act like animal

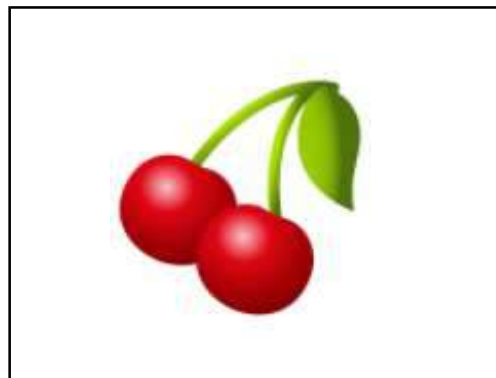

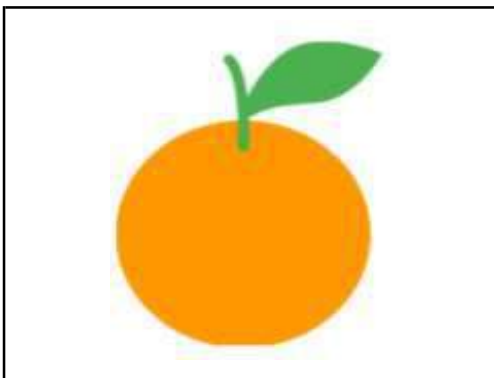

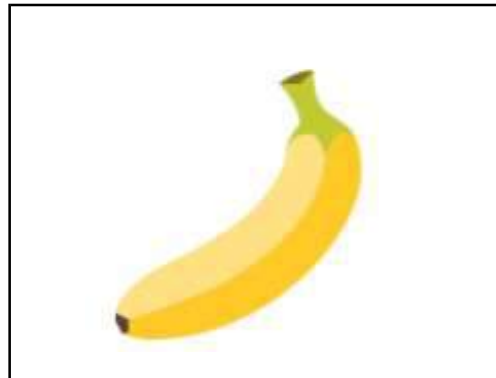

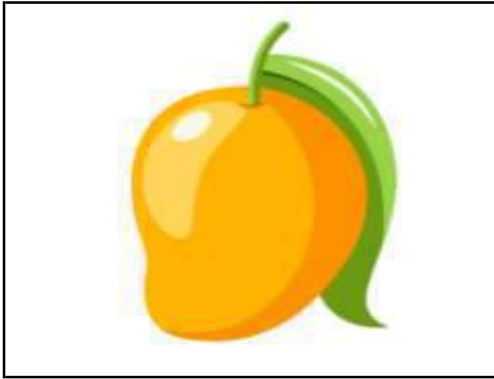

Hello children! I am Bheem.
My friends and I will be your fun-learning partners
for the SCIENCE series!

Plants: Seeds

Circle the image of the seedless fruit given in the box.

Hello children! I am Bheem.
My friends and I will be your fun-learning partners
for the SCIENCE series!

Plants: Nuts

Choose the shortest path for the squirrel to reach its walnut.

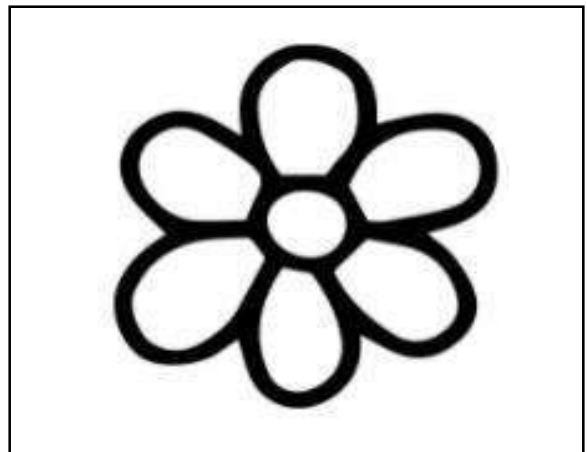

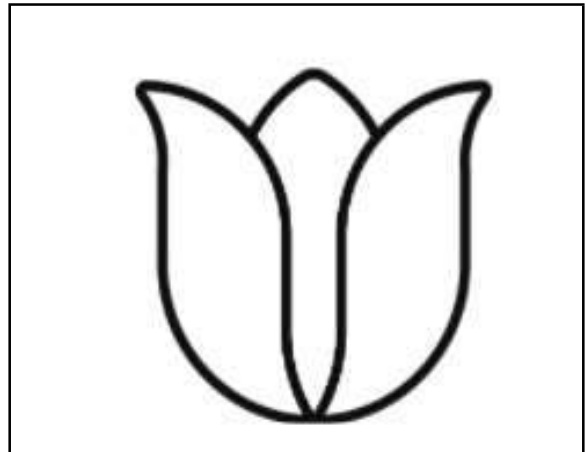

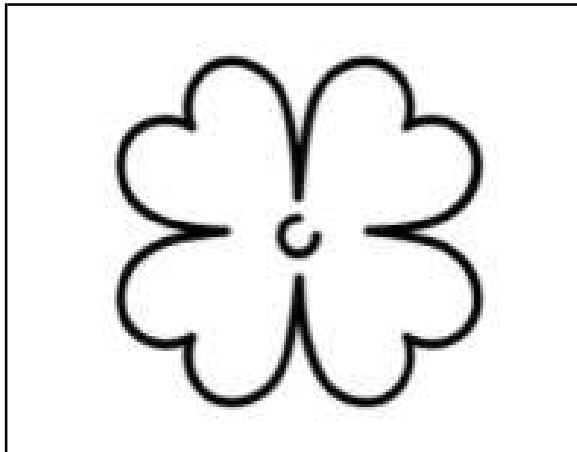

Hello children! I am Bheem.
My friends and I will be your fun-learning partners
for the SCIENCE series!

Plants: Flowers

Count the petals of the flowers and write the number in the box below the image. You can colour the flowers.

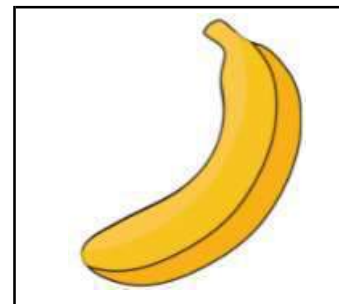

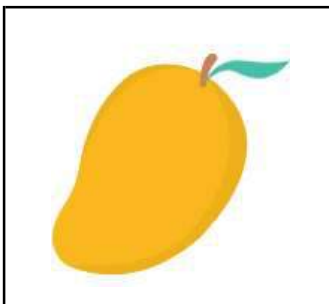

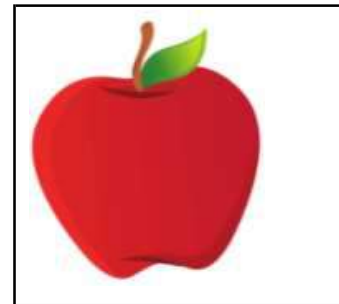

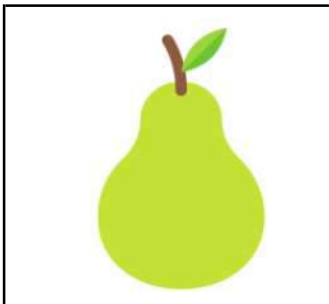

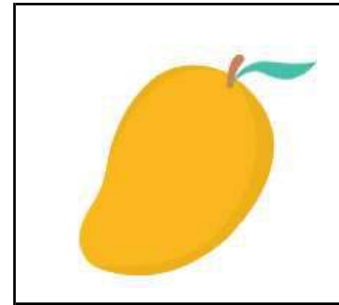

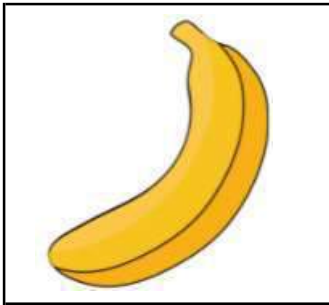

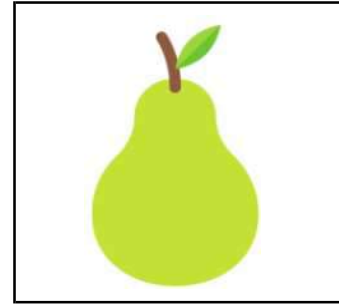

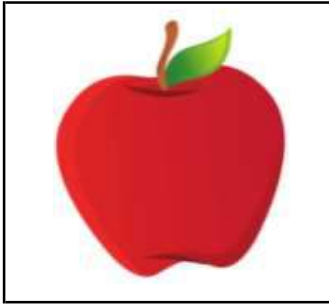

Hello children! I am Bheem.
My friends and I will be your fun-learning partners
for the SCIENCE series!

Plants: Fruits

We get many fruits from plants. Pictures of different fruits are given below. Match the pictures of each type of fruit with its similar picture.

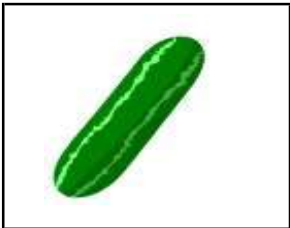

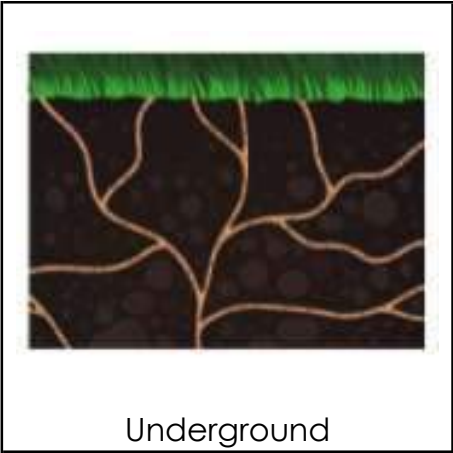

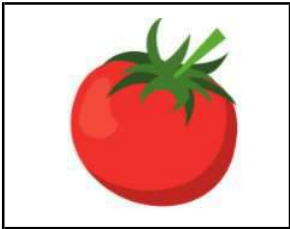

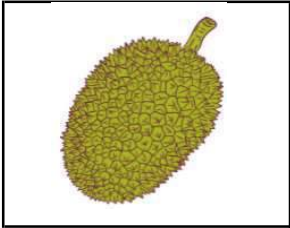

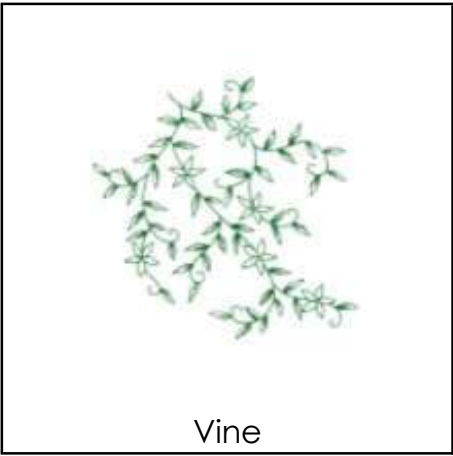

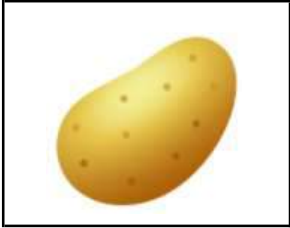

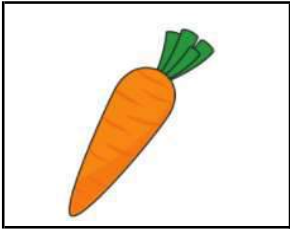

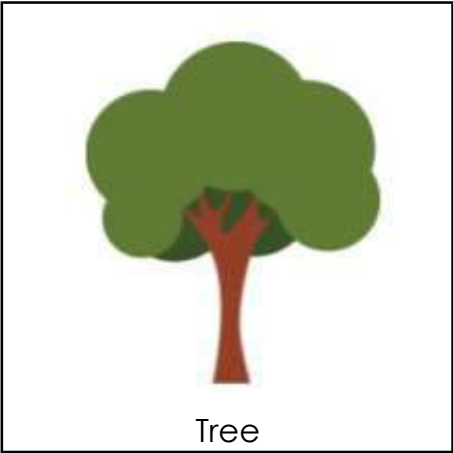

Hello children! I am Bheem.
My friends and I will be your fun-learning partners
for the SCIENCE series!

Plants: Vegetables

Below you will find pictures of vegetables and where they grow. Draw a line from the vegetable to the place it grows.

Hello children! I am Bheem.
My friends and I will be your fun-learning partners
for the SCIENCE series!

Habitats: Types of habitats

Pictures of different types of habitats are given below. Print 2 or more copies of this page. With the help of an adult, cut these images along the dotted lines. Place them face down and flip them during your turn. If they match, collect both matching cards, if not place them face down again and wait for your turn.

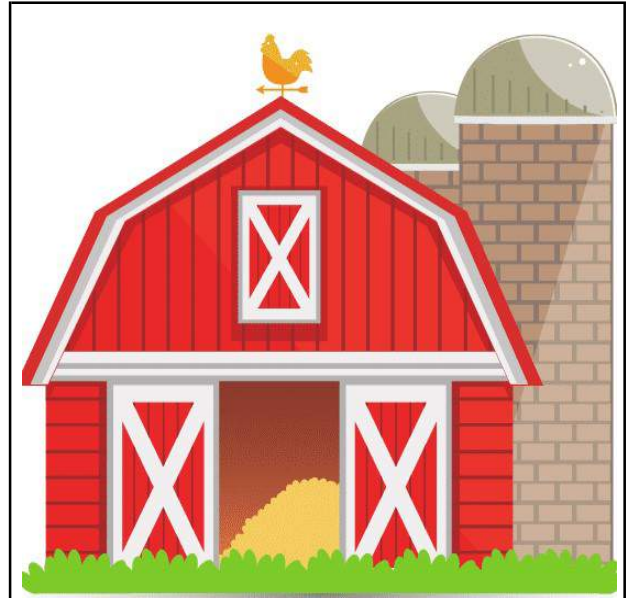

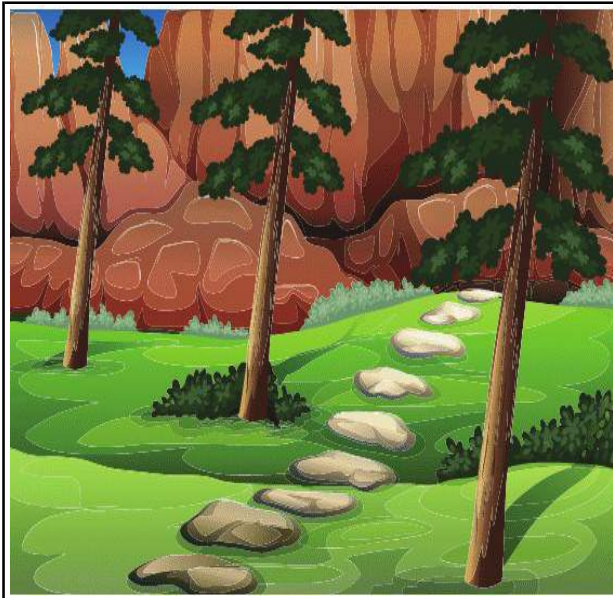

Hello children! I am Bheem.
My friends and I will be your fun-learning partners
for the SCIENCE series!

Habitats: Animals by habitats

Select the habitat for the frog from the given pictures of habitats.

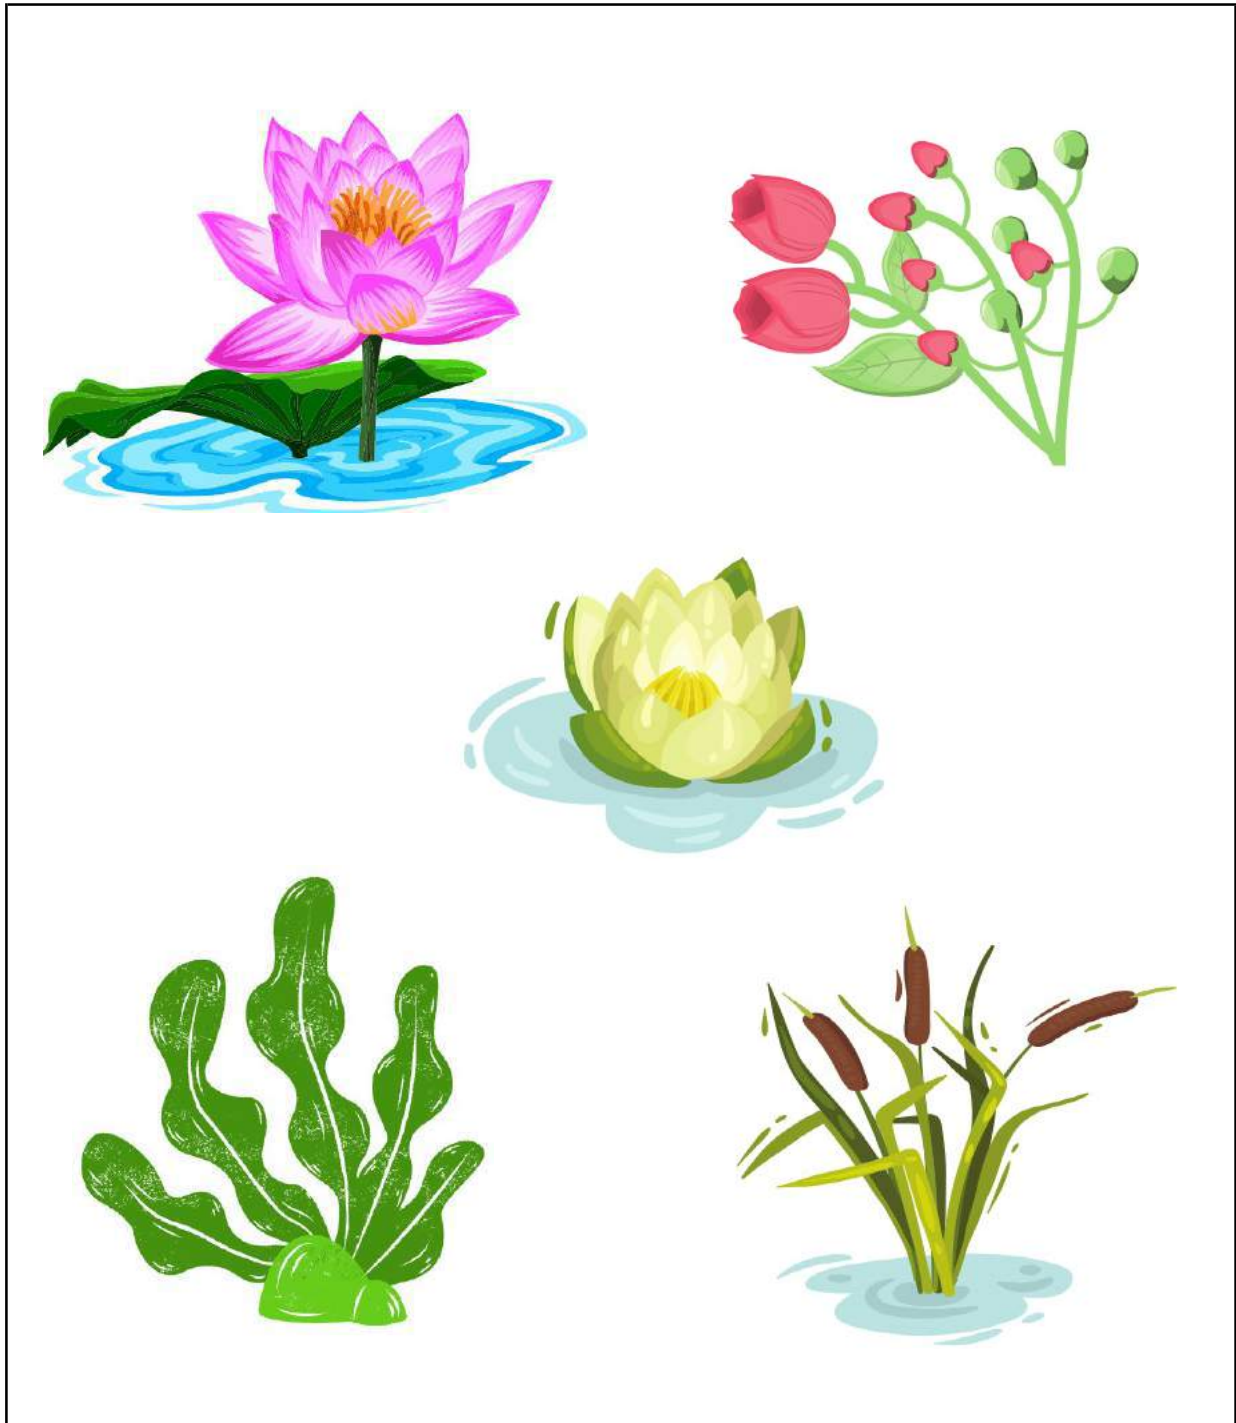

Hello children! I am Bheem.
My friends and I will be your fun-learning partners
for the SCIENCE series!

Habitats: Plants

Tick the pictures of plants that are not aquatic from the group of pictures given below.

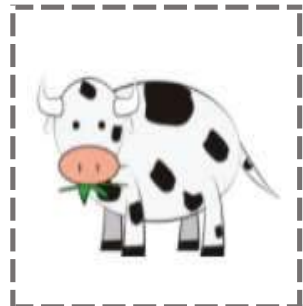

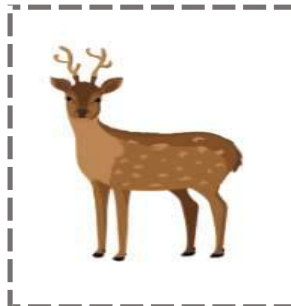

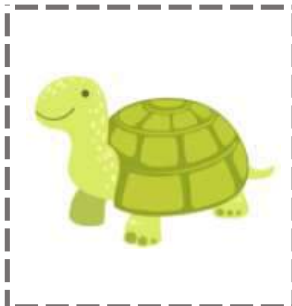

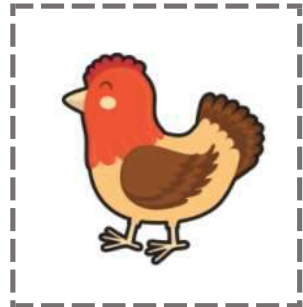

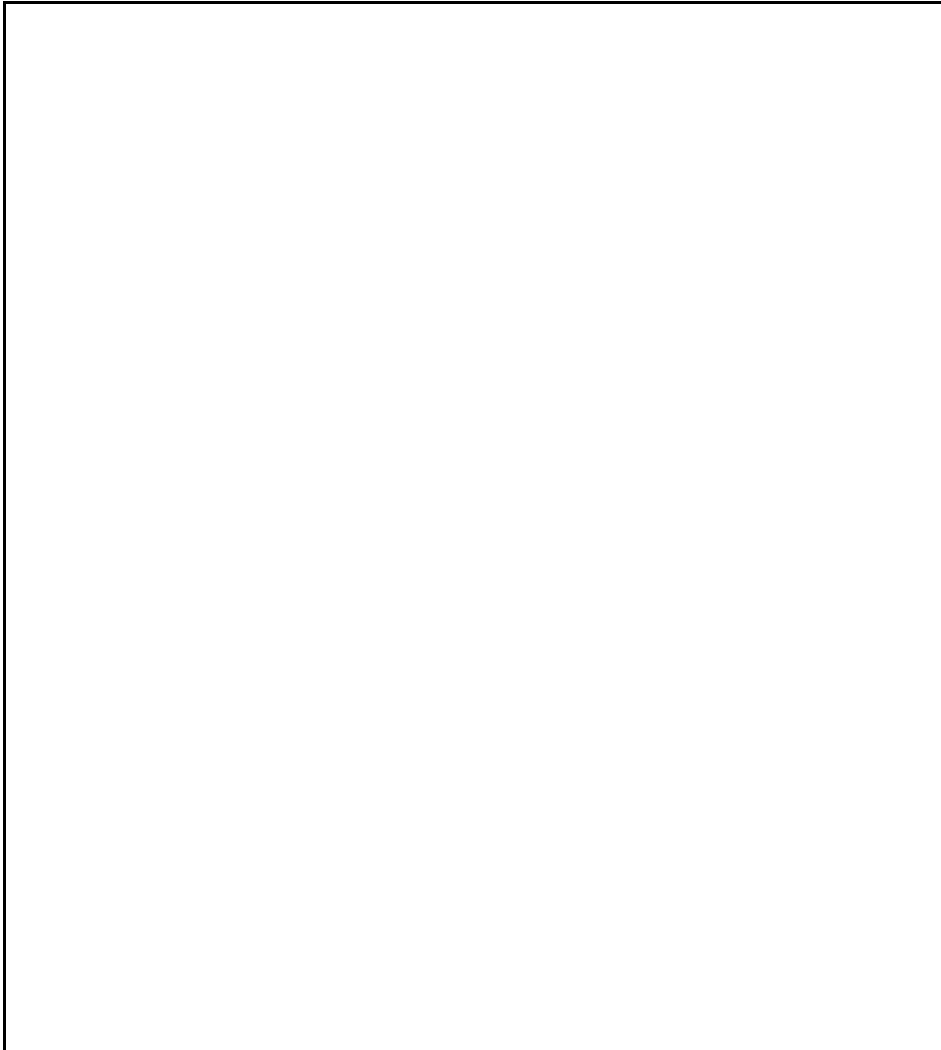

Hello children! I am Bheem.
My friends and I will be your fun-learning partners
for the SCIENCE series!

Habitats: Forest

With the help of an adult, cut the images of the forest animals along the dotted lines and paste them in the given box.

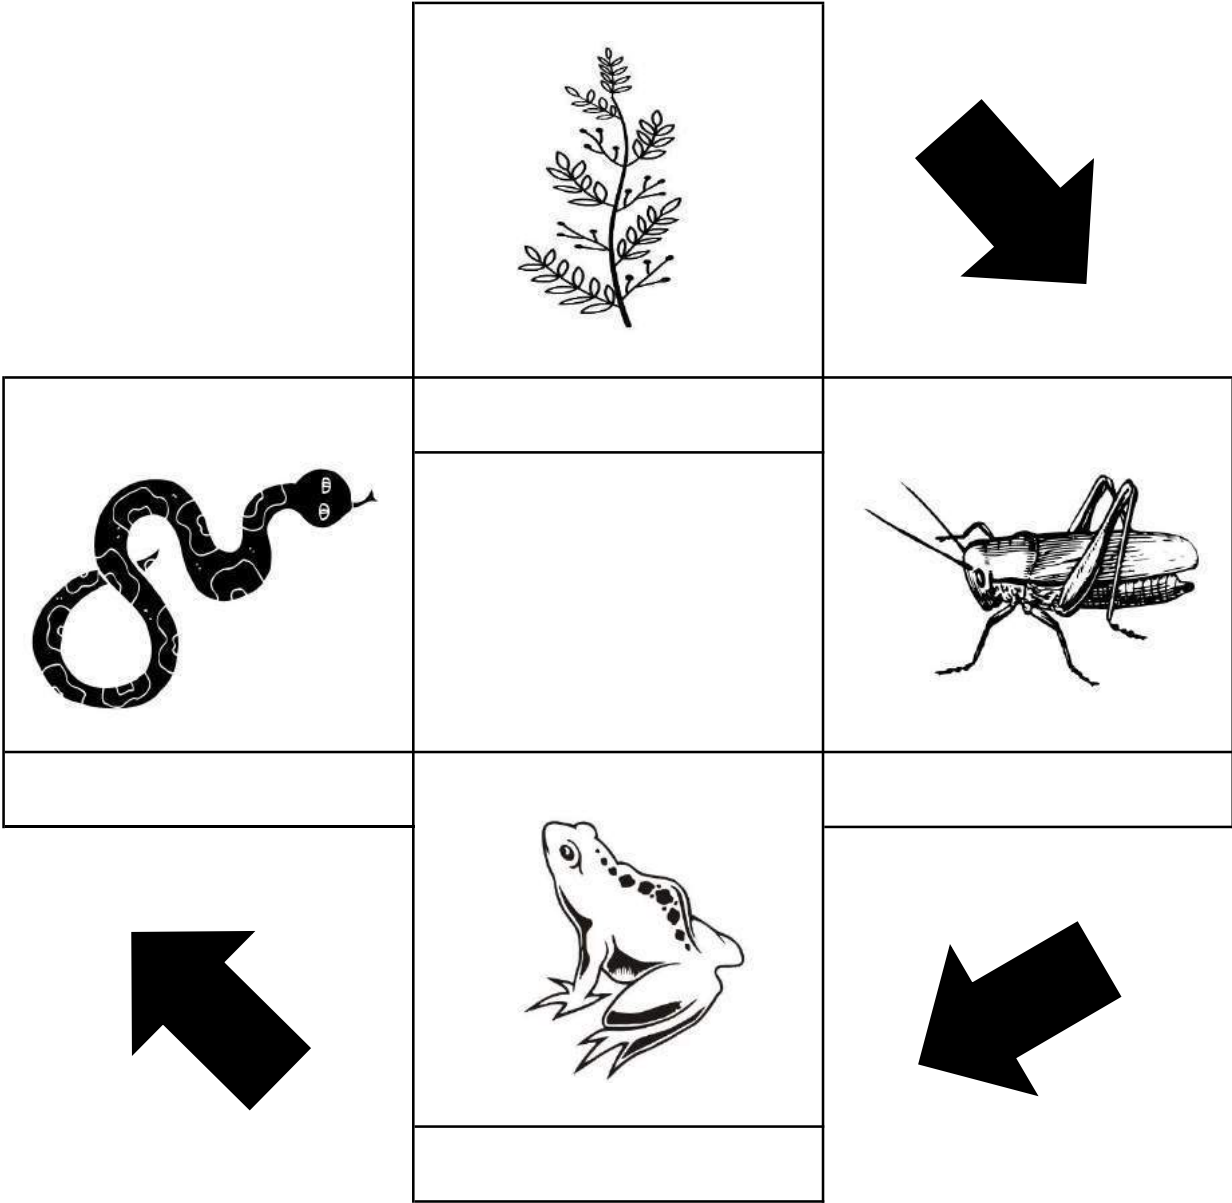

Hello children! I am Bheem.
My friends and I will be your fun-learning partners
for the SCIENCE series!

Habitats: Food chain

The following pictures depict the food chain in a rainforest. With the help of an adult, cut the names of the rain forest animals along the dotted lines and paste below the correct image.

grass

frog

snake

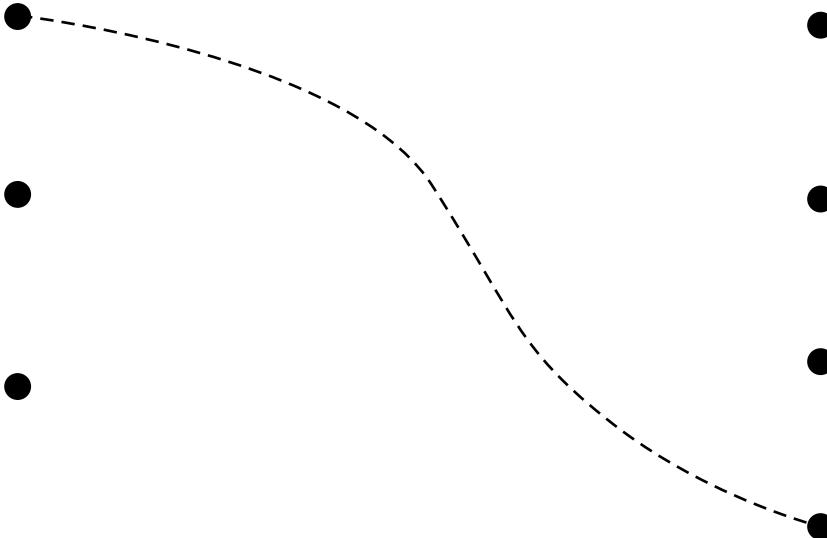

cricket

Match

Match the plant leaves with their shadows. One has been done for you.

Match

Match the parts of the plant.

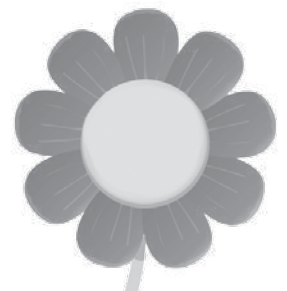

Flower

Leaves

Stem

Roots

Match

Draw a line from the images to the correct column.

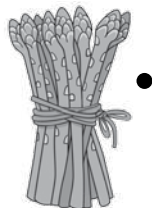

Seeds	Roots	Stems	Leaves	Flowers	Fruits

turnip

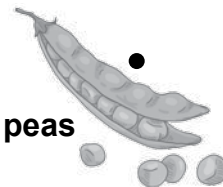

carrot

asparagus

corn

peas

beans

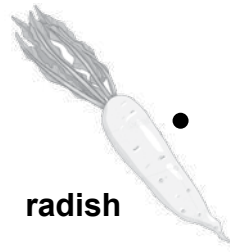

spinach

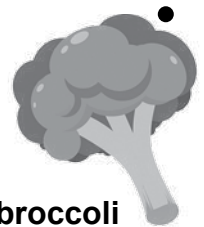

apple

avocado

radish

broccoli

cauliflower

cabbage

tomato

celery

lettuce

Choose and color

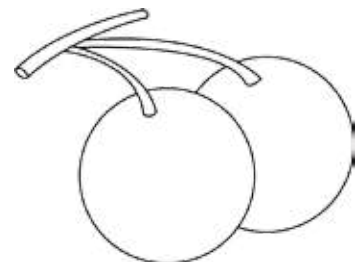

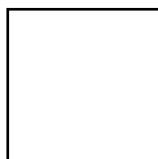

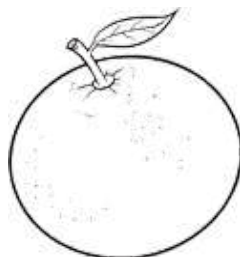

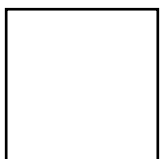

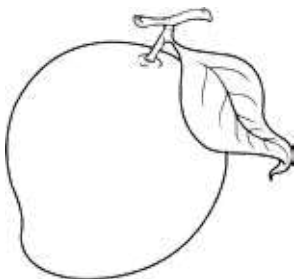

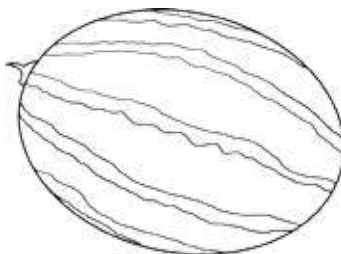

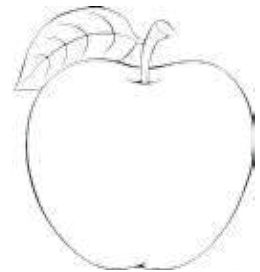

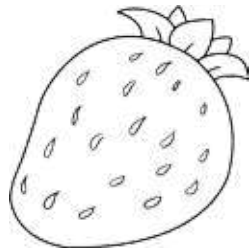

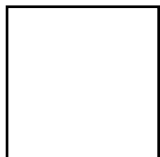

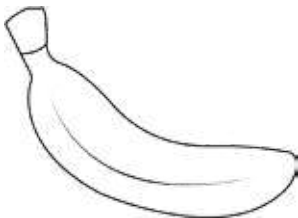

Color the boxes near the fruits as follows:

Fruits with one seed: green

Fruits with few seeds: blue

Fruits with no seed: yellow

Fruits with many seeds: red

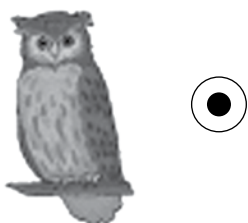

Match

Match the birds to make pairs.

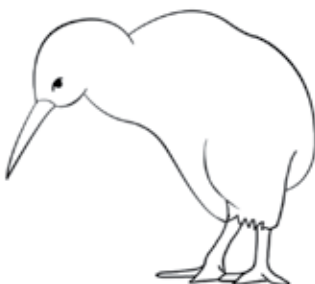

Pick and circle

Help Mini and Guddu circle the birds that fly.

Match

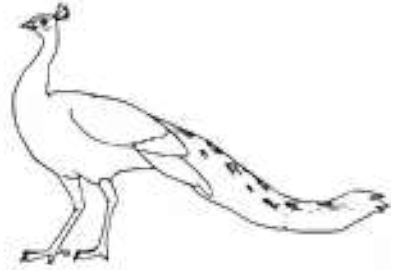

Help Bholu name the birds. Match the names to the correct birds. You can also color the birds.

Sparrow

Bulbul

Ostrich

Peacock

Ostrich

Crow

Pigeon

Eagle

Crow

Parrot

Shade the insects

Observe the image given below and colour the insects.

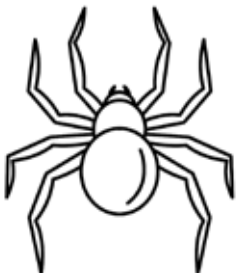

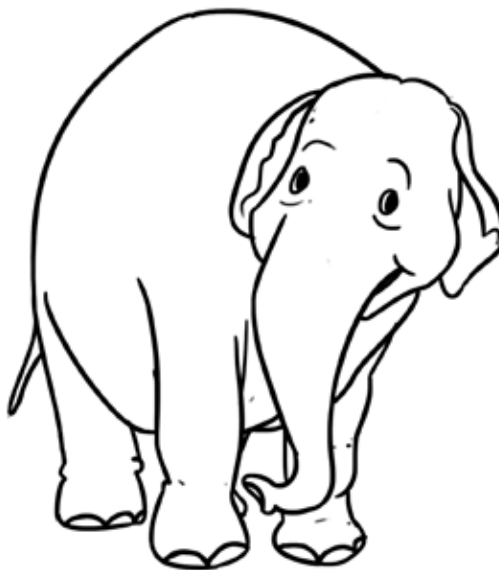

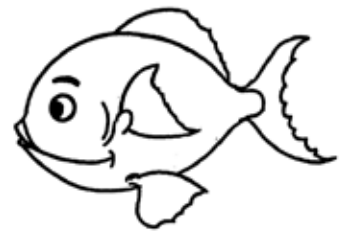

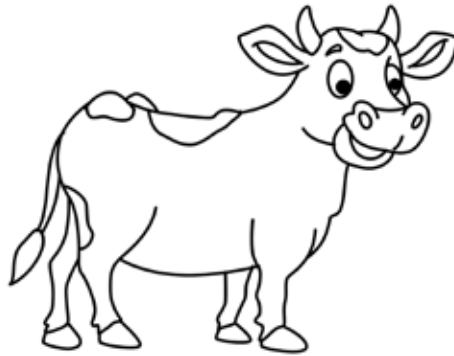

Choose and circle

Help Kalia name the pictures.

Now, help Kalia circle the pictures of insects.

Hello children! I am Chhutki and I will be your fun-learning partner for the EMPATHY series!

Relaxing activity

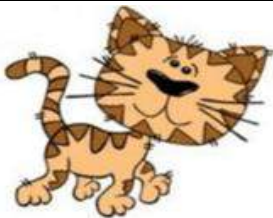

Bheem and his friends were upset when they could not do anything fun because of the rain. How do you relax when you are upset? Try the below instructions to relax yourself when you get upset. Ensure you are on an empty or light stomach.

1. Go to the floor on all fours.
2. Take a deep breath through your nose.
3. Open your mouth as big as you can.
4. Open your eyes wide and stick your tongue out.
5. Roar.

1. Breathe in.
2. Breathe out with your mouth closed while you hum like a bee.
3. Repeat this breathing sequence for a few minutes.

1. Kneel on all fours.
2. Breathe in as you lift your chin and tilt your head back.
3. Breathe out while you slowly raise your back to the ceiling and lower your head.

1. Lie on your tummy.
2. Fold your arms above your shoulders and rest your head on them.
3. Breathe in, breathe out and relax.
