# HISTORY OF INDIAN FLAG

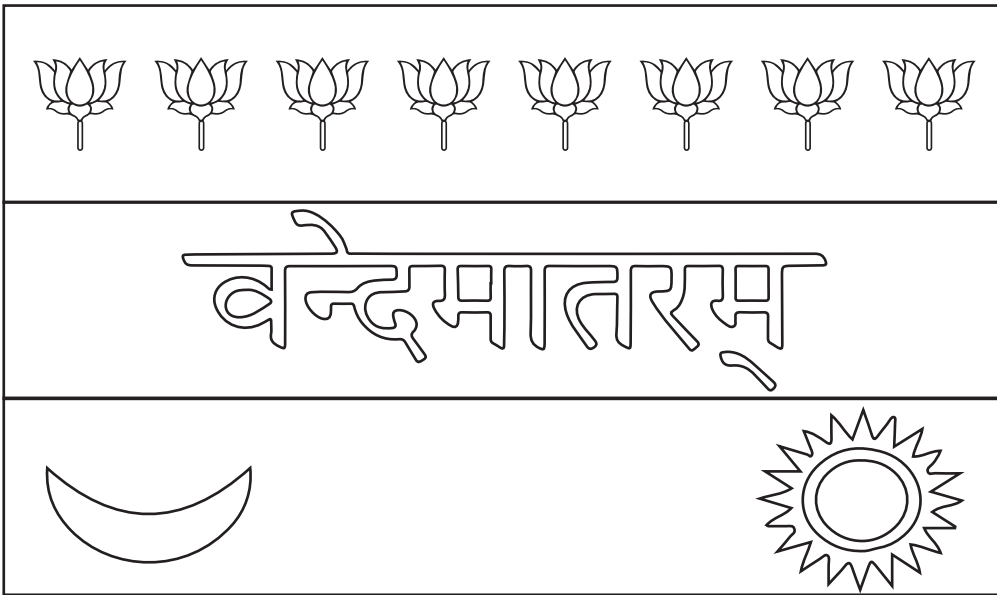

LEVEL: MEDIUM

ESTIMATED TIME: 30 MINUTES

Everyone today knows what the Indian flag looks like. But did you know that our national flag went through 6 faces before we finally settled on our current one?

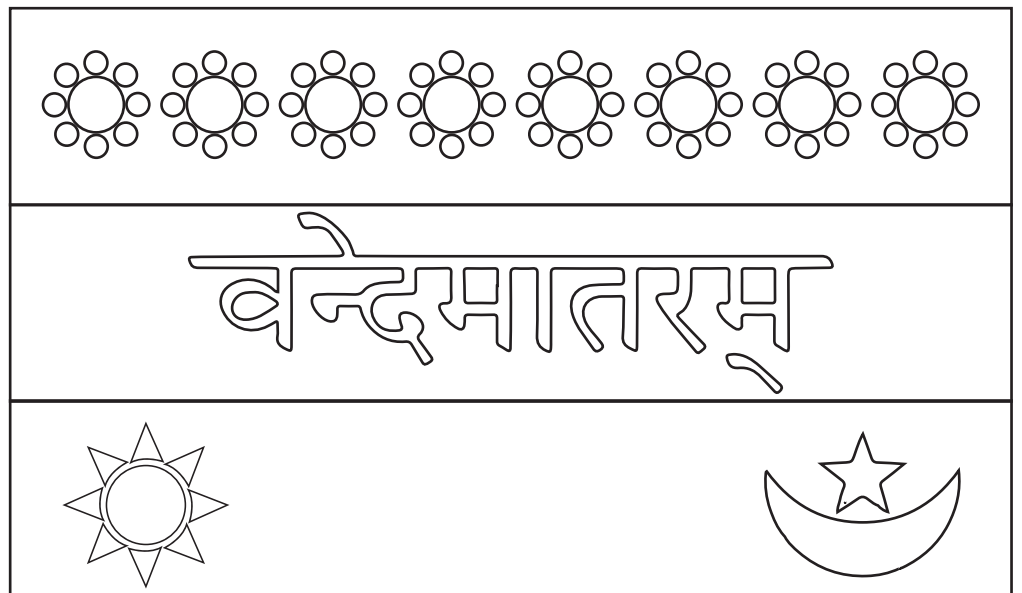

Get your colouring pens ready, and let's take a journey through the life of our national flag.

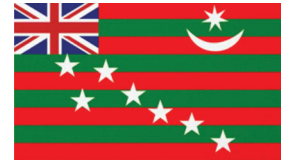

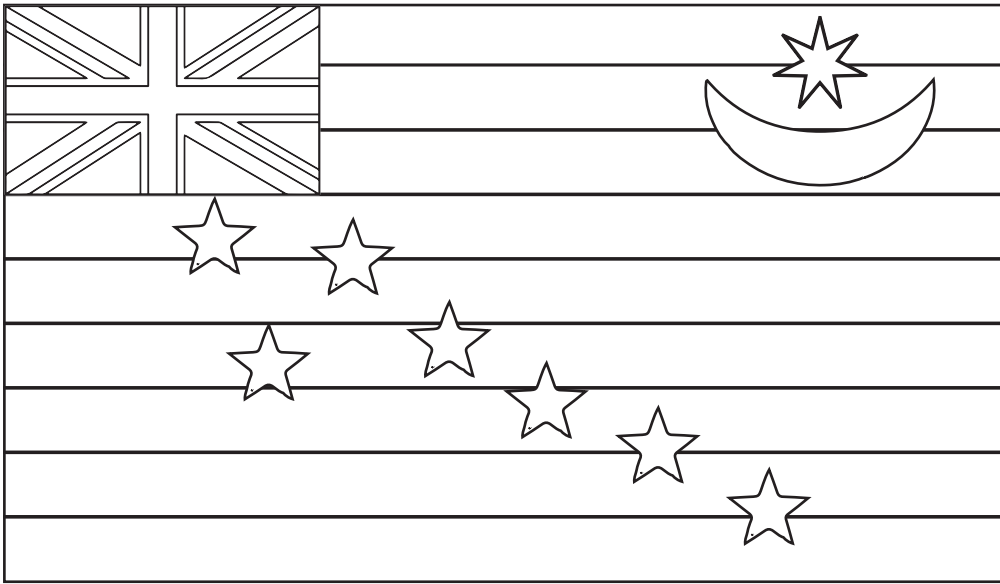

The first national flag in India was hoisted on August 7, 1906, in the Parsee Bagan Square (Green Park) in Kolkata.

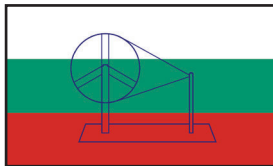

The second flag was hoisted in Paris by Madame Cama in 1907. This was very similar to the first flag except that the top strip had only one lotus but seven stars denoting the Saptarishi.

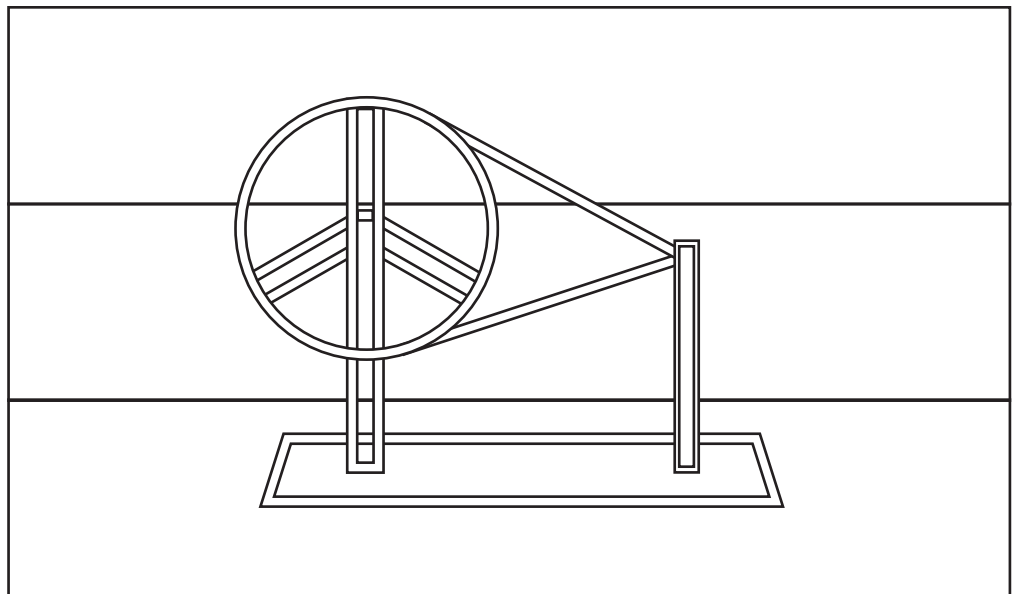

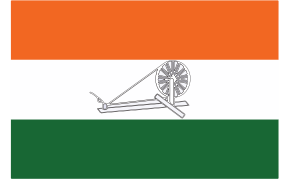

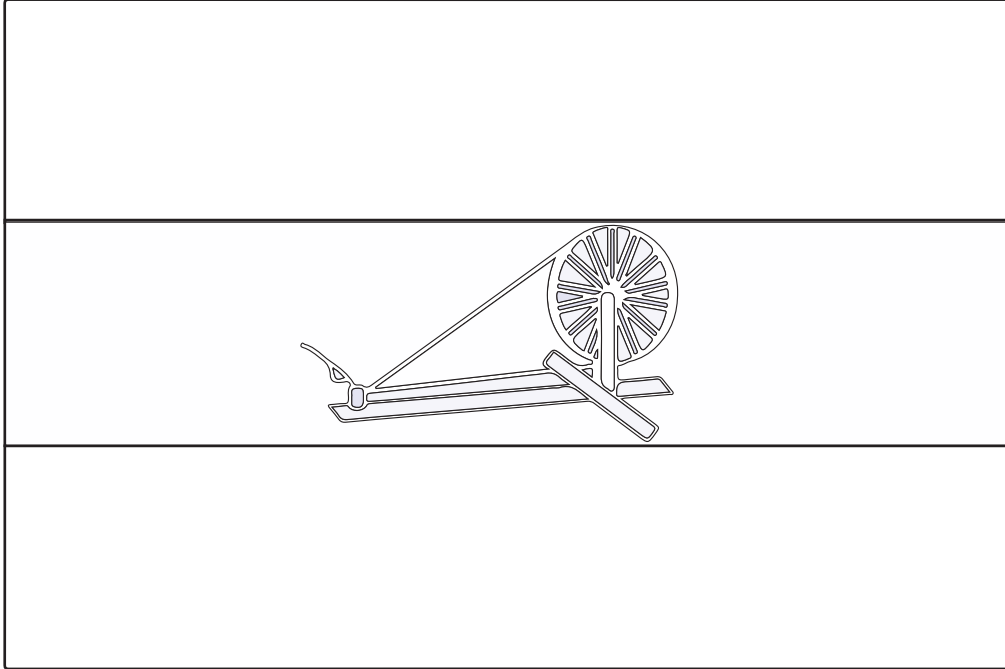

The third flag went up in 1917 when our political struggle had taken a definite turn. Dr. Annie Besant and Lokmanya Tilak hoisted it during the Home rule movement.

During the session of the All India Congress Committee at in 1921 in Vijayawada an Andhra youth prepared a flag and took it to Gandhiji. It was made up of two colours-red and green-representing the two major communities i.e. Hindus and Muslims.

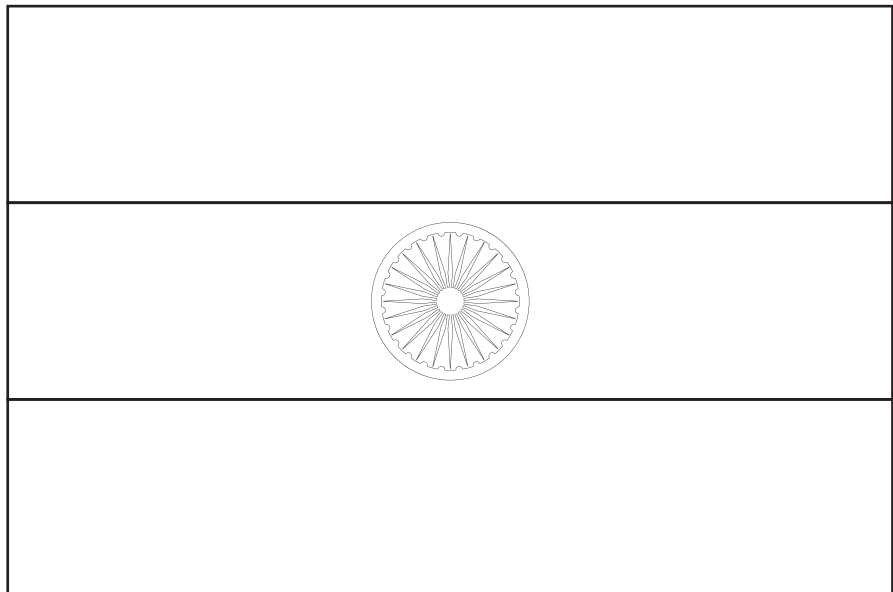

The year 1931 was a landmark in the history of the flag. A resolution was passed adopting a tricolor flag as our national flag.

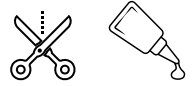

On July 22, 1947, the Constituent Assembly adopted it as Free India National Flag. After Independence, the colors and their significance remained the same. Only the Dharma Charkha of Emperor Asoka was adopted in place of the spinning wheel as the emblem on the flag.
