

# CAESAR SHIFT CIPHER.

## Caesar Wheel

### Directions:

1. Paste this whole page onto thin card
2. Carefully cut around the two circles
3. Write the alphabet in **RED** around the **SMALL** circle
4. Write the alphabet in **BLACK** around the **LARGE** circle
5. Fix the small circle onto the big circle using a paper fastener through the centre (marked with a dot)

You are ready to use your Caesar Wheel

REMEMBER the plaintext

letters are written in **BLACK**, the

ciphertext letters are written in **RED**

ENCIPHERING = **BLACK** to **RED**

DECIPHERING = **RED** to **BLACK**
