

M: Graphs - Battleship game

Let us play **B-A-T-T-L-E-S-H-I-P** ! Mark four ships (one with three points, one with four and two with five points) on the sheet for your opponent to sink. Mark each point as a A1 crossmark.

How to play the game: Take turns to name coordinate points and mark each point guessed as a **hit** or **miss**. The first one to sink all opponent ships is the winner.
